

# Become a Person-Centered Planner (PCP)

Transform Lives and Build Your Future!

**Are you looking for a meaningful career that empowers you and others? Do you have a passion for advocacy and supporting individuals to achieve their fullest potential? This is your opportunity to become a cornerstone in building inclusive, supportive communities**

## What is a Person-Centered Planner?

- A Person-Centered Planner assists individuals, in creating personalized plans that highlight their goals, strengths, and preferences, promoting a fulfilling and independent life.
- PCP's guide clients through various life areas such as education, employment, and personal growth, ensuring plans respect individual choices and foster empowerment.

## Who We're Looking For:

- Individuals with disabilities who are inspired to lead and innovate.
- Motivated persons interested in personal and community development.
- Aspiring entrepreneurs looking to create a significant impact through their own business.

## Benefits of Becoming a PCP Planner:

- Empowerment: Conduct workshops that transform lives and promote independence.
- Career Growth: Develop essential skills in facilitation, communication, and leadership.
- Entrepreneurial Opportunities: Leverage our training and resources to launch and grow your business in a nurturing environment.

## Get involved:

Training sessions are starting soon! Seize this chance to make a positive impact on others' lives while pursuing your entrepreneurial dreams.
